Electric Cheese Grater

Job _____

Item# _____

Model: GRATE1

**Enjoy Greater Cheese
with an Electric Cheese Grater!**

Specifications

| Model | HP | RPM | Dimensions W x D x H | Electrical | Ship Weight |
|--------|----|-------|-------------------------|-------------|----------------|
| GRATE1 | ½ | 1,000 | 11¾" x 19¾" x 21½" | 120V, 3.16A | 40 lbs. |

Mouth Dimensions: 5½" x 3⅜"

Constructed of the strongest polished anodized aluminum and stainless steel available, the Grate1 was designed to grate a wide variety of hard cheeses with the simple flip of a button. Simply place the cheese in the grater mouth and let the Stainless Steel grating rollers do all the work.

You're Not Just Buying a Piece of Equipment – You're Buying a Chef's Tool!

Standard Features

- ✓ Reliable medium-duty grater.
- ✓ Powerful ½ HP belt driven motors.
- ✓ Up to 2 lbs. / minute output.
- ✓ Grating opening: 5½" x 3⅜".
- ✓ ⅛" tooth for very finely grated product.
- ✓ Easy to clean.
- ✓ Drum – Constructed of stainless steel.
- ✓ Body – Constructed of aluminum.
- ✓ Safety Prevention – An interlock system prevents the grater from starting when feeder handle is not lowered enough and stops machine when the lever is lifted.

Conforms to UL Std. 763
